Database song	
Westernalen	
Yesterday,	
All those backups seemed a waste of pay	
Now my database has gone away	
Oh I believe in yesterday	
Suddenly,	
There's not half the files there used to be	
There's not half the files there used to be And there's a deadline	
There's not half the files there used to be And there's a deadline hanging over me	
There's not half the files there used to be And there's a deadline hanging over me	
There's not half the files there used to be And there's a deadline hanging over me The system crashed so suddenly.	
There's not half the files there used to be And there's a deadline hanging over me The system crashed so suddenly. I pushed something wrong	
There's not half the files there used to be And there's a deadline hanging over me The system crashed so suddenly. I pushed something wrong What it was I could not say	
There's not half the files there used to be And there's a deadline hanging over me The system crashed so suddenly. I pushed something wrong What it was I could not say Now my data's gone	
There's not half the files there used to be And there's a deadline hanging over me The system crashed so suddenly. I pushed something wrong What it was I could not say Now my data's gone	
There's not half the files there used to be And there's a deadline hanging over me The system crashed so suddenly. I pushed something wrong What it was I could not say Now my data's gone and I long for yesterday-ay-ay.	
There's not half the files there used to be And there's a deadline hanging over me The system crashed so suddenly. I pushed something wrong What it was I could not say Now my data's gone and I long for yesterday-ay-ay. Yesterday,	
There's not half the files there used to be And there's a deadline hanging over me The system crashed so suddenly. I pushed something wrong What it was I could not say Now my data's gone and I long for yesterday-ay-ay-ay. Yesterday, The need for back-ups seemed so far away.
